Report of Independent Registered Certified Public Accounting Firm

To the Participants and Administrator of
the Tupperware Corporation Retirement Savings Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Tupperware Corporation Retirement Savings Plan (the "Plan") at December 31, 2004 and 2003, and the changes in net assets available for benefits for the year ended December 31, 2004 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**Tupperware Corporation
Retirement Savings Plan
Notes to Financial Statements
December 31, 2004 and 2003**

1. Description of the Plan

General

The Tupperware Corporation Retirement Savings Plan (the "Plan") is a defined contribution plan covering eligible employees of Tupperware Corporation and its subsidiaries (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The investment assets of the Plan are held in the Tupperware Corporation Defined Contribution Trust (the "Trust") by Fidelity Management Trust Company ("Fidelity"), the Trustee of the Plan.

The Plan is administered on behalf of the Company by the Management Committee for Employee Benefits ("MCEB"), which functions as the Plan Administrator. MCEB is composed of certain officers of the Company appointed by the Compensation and Governance Committee of the Board of Directors of the Company (the "Compensation Committee").

The following description of the Plan provides only general information. Information about the Plan's provisions is contained in the Plan document, which may be obtained from the Company.

Participation

All eligible employees, whose customary employment is for at least 1,000 hours during a year, may participate in the Plan following the completion of six months of service. All eligible employees whose customary employment is not for at least 1,000 hours during a year may participate in the Plan following the 12-month period after their employment or any plan year thereafter, provided 1,000 hours of service are completed during the time period. For new hires, the number of hours used in assessing "customary employment" is based on the position's expected work schedule. In addition, an employee must not be an active participant in any other defined contribution plan to which the Company or any subsidiary contributes on his or her behalf.

Contributions

All eligible participant contributions are tax-deferred pursuant to a qualified cash or deferred arrangement. A participant may elect to contribute from 1% to 25% of their compensation, in whole percentage points, subject to the limitation of the Internal Revenue Code (the "Code"). For 2004, this limitation was \$13,000. The percentage of compensation contributed may be increased or decreased, at the election of the participant, any time during the year, but only once per pay period.

Tupperware Corporation
Retirement Savings Plan
Notes to Financial Statements
December 31, 2004 and 2003

In addition, for those participants aged 50 years or older by year-end and are making the maximum 25% pre-tax contribution of \$13,000, an additional catch-up contribution of \$3,000 is allowed in 2004. The catch-up amount will increase \$1,000 per year until the catch-up limitation of \$5,000 is reached in 2006. Thereafter catch-up contributions will be subject to cost of living adjustments in \$500 increments. Company contributions to the Plan are comprised of matching contributions and basic contributions. Company matching contributions are \$0.50 for every \$1.00 the participant contributes from 1% to 6% of eligible compensation, and Company basic contributions are an amount equal to 3% of eligible compensation up to the Social Security Wage Base (the "SSWB") of \$87,900 for 2004, and 6% of eligible compensation above the SSWB. The basic contribution rate related to eligible compensation up to the SSWB was changed effective June 30, 2005 as described in Note 8.

During 2004, the Company suspended its basic contribution as part of the Company cost reduction program. The Company basic contribution was restored effective January 1, 2005.

Participants may elect to invest their contributions and the Company basic contribution, if any, in 1% increments in seven investment funds which invest in fixed income securities, large capitalization equities, small capitalization equities, guaranteed investment contracts, international equities and Company stock, as well as five target retirement date funds. As the target retirement date of a particular fund draws nearer, the asset allocation between stock, bond, and money market funds shifts more heavily to bond and money market investments becomes more conservative. All Company matching contributions are invested in the Company Stock Fund. After attaining age 50, 55 and 62, a participant may elect to reduce the percentage of vested balances and future Company matching contributions invested in the Company Stock Fund by 25%, 50% and 100%, respectively. However, this provision changed January 1, 2005 as described in Note 8.

Vesting and Distribution Options

Participants are fully vested in the current value of their contributions and earnings thereon, and become vested in the Company contributions and related earnings credited to their accounts based upon their years of service as shown in the following table:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Participants who are age 65 or over, die or become permanently and totally disabled are automatically 100% vested in the value of Company contributions and related earnings credited to their accounts.

Tupperware Corporation
Retirement Savings Plan
Notes to Financial Statements
December 31, 2004 and 2003

Upon termination of employment, participants generally may elect to receive the total value of their account attributable to their contributions, as well as the vested value of their Company contributions and related earnings in cash. Participants who entered the plan prior to October 1, 1998, may alternatively elect to have an annuity purchased on their behalf. For distributions from the Company Stock Fund, participants may elect to receive their eligible distribution in full shares of the Company's common stock or in cash. Hardship withdrawals may be made only under limited circumstances. To qualify for a hardship withdrawal, the participant must be an active participant with an available pre-tax balance; all other non-hardship, in-service withdrawals have been made; all loanable assets have been exhausted; and the participant declares that the hardship withdrawal meets one of the Internal Revenue Service's four safe harbor provisions.

Participant Loans

Participants may borrow from their Plan account balances for terms of one to five years. A participant may have up to two loans outstanding at any one time. The aggregate amount of the loans outstanding is limited to the lesser of \$50,000 or 50% of the participant's vested account balance at the time a loan is made and bear interest at a rate of prime at the beginning of each month as published by the Wall Street Journal plus one percentage point at the time the loan is made. Repayments of principal and interest are credited to the borrowing participant's account and are allocated to investment funds using the participant's current investment election.

Forfeitures

Company contributions forfeited by terminating employees are used to reduce future Company contributions to the Plan as allowed by the Internal Revenue Service. The Company will reinstate forfeited balances to the accounts of employees who rejoin the Company within five years of their termination. At December 31, 2004, the balance of forfeited nonvested accounts available to reduce future contributions was \$460,357. No forfeitures were applied to reduce Company contributions during the year ended December 31, 2004.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Administrative Expenses

Certain administrative and recordkeeping costs associated with the Plan are charged to the Plan in accordance with Plan provisions and guidelines approved by MCEB. Remaining costs, such as audit costs, are absorbed by the Company. Fees incurred by the Plan for administrative, trustee and recordkeeping services amounted to \$55,430 for the year ended December 31, 2004.

Tupperware Corporation
Retirement Savings Plan
Notes to Financial Statements
December 31, 2004 and 2003

Investment Valuation

The Plan's investment assets that are securities traded on a national securities exchange are stated at fair value based upon redemption values determined by the Trustee on the last business day of the year measured by quoted prices in an active market. Participant loans are stated at cost, which approximates fair value. Common/Collective trusts, which invest primarily in guaranteed investment contracts, are valued at contract value. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses.

Security Transactions and Income Recognition

Purchases and sales of investments by the Trust are recorded on a trade date basis. The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in fair value of investments, which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments. Interest income is accrued as earned, and dividend income is recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Payments to Withdrawing Participants

The Plan records payments to withdrawing participants at the time of disbursement.

3. Termination of the Plan

It is the intent of the Company that the Plan continues into the future; however, MCEB, with approval of the Compensation and Governance Committee, reserves the right to terminate the Plan. In the event the Plan is terminated, participants would become fully vested in their accounts and the assets of the Plan would be distributed to the participants in proportion to their respective interests in the Plan at the time of termination.

Tupperware Corporation
Retirement Savings Plan
Notes to Financial Statements
December 31, 2004 and 2003

4. Tax Status

The Plan has obtained a favorable determination letter, dated August 12, 2003, on the tax status of the Plan from the Internal Revenue Service. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

5. Investments

Assets and investment earnings of the Trust are held in investment accounts, which are managed and invested by the Trustee and by asset managers appointed by MCEB. Certain investment funds may enter into hedging agreements and techniques to effectively manage the funds' portfolio risk and reward characteristics. Investment income (loss), as well as interest income, dividend income, and administrative expenses are allocated daily based upon the Plan's accumulated daily balances in the Trust's investment funds.

Investments that represent five percent or more of the Plan's net assets available for benefits at December 31 were as follows:

Description	2004	2003
Tupperware Corporation Common Stock*	\$ 15,125,124	\$ 14,725,978
Spartan US Equity Index Fund	7,145,260	8,109,182
Fidelity Small Cap Independence Fund	5,750,334	5,655,334
Fidelity Freedom Income Fund	5,153,801	5,585,527
Fidelity Freedom 2010 Fund	7,792,028	8,449,978
Fidelity Freedom 2030 Fund	10,707,393	11,017,290
Fidelity Managed Income Portfolio**	21,329,619	20,031,166
Total	<u>\$ 73,003,559</u>	<u>\$ 73,574,455</u>

* Includes nonparticipant-directed amounts

** This investment holds assets stated at fair value and contracts that are stated at contract value

In total, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$6,121,641 as follows:

Common stock	\$ 2,745,128
Registered investment companies	<u>3,376,513</u>
Net appreciation in fair value of investments	<u>\$ 6,121,641</u>

The Plan's investments are held, invested and administered by Fidelity. Fidelity administers the Plan pursuant to a Trust agreement dated September 1, 2000.

Net gains or losses are computed by the Trustee. Investment earnings are automatically reinvested into the fund from which they were derived.

Tupperware Corporation
Retirement Savings Plan
Notes to Financial Statements
December 31, 2004 and 2003

6. Nonparticipant-Directed Investments

Information about the net assets and the significant components of the changes in net assets relating to the Company stock fund containing the non participant-directed investments as of December 31 is as follows:

	2004	2003
Company Stock Fund		
Net assets		
Tupperware Corporation common stock	\$ 15,125,124	\$ 14,725,978
Short-term investments	214,095	94,664
Receivables	163,318	399,182
Other liabilities	(160,774)	(425,335)
	<u>\$ 15,341,763</u>	<u>\$ 14,794,489</u>
		Year Ended December 31, 2004
Increase (decrease) in net assets		
Contributions		\$ 993,732
Participant loans, net		16,396
Dividend and interest income		693,131
Net appreciation in fair value of investments		2,745,128
Benefits paid to participants		(1,287,756)
Administrative expenses		(27,417)
Net transfers to participant-directed investments		(2,585,940)
		<u>\$ 547,274</u>

7. Related Party Transactions

Certain Plan investments are shares of investments managed by the Trustee. Transactions with the Trustee qualify as party-in-interest transactions. Amounts paid to Fidelity were for trustee and performance management fees; no fees were paid by the Plan for investment management services.

The Plan invests in the stock of the Company, and as of December 31, 2004 and 2003 the current value and number of shares was \$15,125,124 and 729,977 and \$14,725,978 and 849,249, respectively. For the year ended December 31, 2004, the Plan purchased 226,800 shares for \$3,925,324 and sold 346,072 shares for \$6,271,308.

Tupperware Corporation
Retirement Savings Plan
Notes to Financial Statements
December 31, 2004 and 2003

8. Subsequent Events

The Compensation Committee has approved effective January 1, 2005 the elimination of all restrictions on the transfer out of Company matching contributions from the Company Stock Fund.

Effective June 30, 2005, the Company is changing its basic contribution rate up to the Social Security Wage Base from 3% to 5% of eligible compensation. There is no change to the basic contribution rate above the SSWB.
